Candidate Filing Forms shall include a line that requires the Stakeholder to verify that all information provided is true and correct under penalty of perjury.

Upon receipt of a Stakeholder's Candidate Filing Form and documentation, the form and associated documentation shall be used as written verification of a Stakeholder's eligibility to run for a Board position.

A potential Candidate shall be notified via e-mail if their Candidate Filing Form is incomplete. Steps necessary to complete the filing process will be provided.

Verification of all Candidates shall be completed within three (3) calendar days after the close of the Nomination Period.

## **CAMPAIGNING**

Candidate Materials/Contributions:

Although no maximum amount will be set, it should be understood that all campaign costs should be reasonable.

Candidate Statements:

Each Candidate shall be given the opportunity to write a maximum 250-word statement that lists their qualifications and explains to Stakeholders their reasons for wishing to serve as a Council Board Member. Each Candidate may also submit a passport-style photo of the person alone. These statements and photos will be posted on the Council website as they are submitted.

In addition, Candidates may submit a one-page statement for inclusion in binders that will be available at the poll for Stakeholders to inspect. This statement must fit on one side of 8½ by 11 paper and must be submitted to the Selection Committee at least one week before the Selection.

Candidate Forum:

On \_\_\_\_\_ at a noticed monthly Council Meeting, or at a separate date and time set by the Selection Committee, a Candidate Forum shall be conducted. Each candidate shall be given an equal amount of time to express why they should hold a Board position. A question and answer period shall follow. Rules shall be provided to all Candidates prior to the Candidate Forum.

The Neutral Third Party shall facilitate the Candidate Forum in order to ensure the fairness of the process. Order of presentation shall be determined by random drawing of Candidate names.

Campaign Tactics:

Candidates should not engage in any type of character defamation (i.e. mudslinging), assault, or attack on any other Candidate or Stakeholder. Proof of the use of character defamation, assault, or attack by a Candidate may result in disqualification. Such disqualification will be determined by the NTP in consultation with the City Attorney.

Candidates may not use the Neighborhood Council logo or City Seal on **any** campaign materials they produce. Persons violating this requirement will be asked to immediately remove the NC logo and/or City Seal. Failure to do so may result in disqualification.

On the scheduled day of the Board Selection, there shall be no electioneering within 100 feet of the polling place. Any person violating this requirement will be asked to leave the Selection site/area; any Candidate violating this rule may be subject to disqualification.

Electioneering includes, but is not limited to:

- Soliciting a vote or speaking to a Voter on the subject of marking the ballot
- Placing any sign relating to any Candidate
- Distributing or wearing material relating to any Candidate
- Placing a sign, distributing material or talking with a Voter on the subject of their qualifications to vote.

There can be no posted Candidate signage (for example, flyers) within 100 feet of the Selection location on the day of the Board Selection. Signage posted in violation of this requirement will be removed. No audio equipment may be used to project Candidate information on the day of the Board Selection. Any violators will be asked to cease and desist and may be asked to leave the voting area.

## STAKEHOLDER REGISTRATION

All Stakeholders, including Candidates, who meet the criteria for the definition of a Stakeholder, as listed in the Council Bylaws and above, shall be eligible to vote on the day of the Selection. All Stakeholders, including Candidates, will be required to show acceptable forms of identification and documentation. (See Attachment C for examples of acceptable forms of identification and documentation for voters.)

Stakeholders may register to vote at the Polling Place the day of the Selection. In addition, Stakeholders may register to vote using an online platform and by other means as announced beginning seventy-five (75) days prior and up to seven (7) days prior to Selection Day. Stakeholders who pre-register will still need to visit the Polling Place during voting hours to receive and to cast their Ballot.

## VOTING PROCESS

No secret balloting is allowed. All ballots will be numbered.

The NTP shall use a documented random process, such as drawing from a hat, to determine order of Candidates' names on the ballot. Order on the ballot shall be determined no later than \_\_\_\_\_. The ballots shall clearly state that each Stakeholder may cast only one vote per Candidate. Any ballot with votes for more than the specified number of seats to be filled will be disqualified.

No write-in Candidates shall be allowed. No absentee or proxy voting shall be allowed.

### Procedures:

After entering the Polling Place, Stakeholders will start at the Registration Station. Unless pre-registered, each Stakeholder must fill out a current Voter Registration Form and present acceptable identification and documentation (**See Attachment C**). All pre-registered voters must present photo identification to obtain their ballot. Registered Stakeholders will receive a numbered ballot at the Ballot Table. The ballot number shall be noted on the Voter Registration Form.

The Stakeholder is then admitted to the voting room. Binders containing all submitted Candidate statements shall be available for viewing by Stakeholders to assist in their selection.

Poll Volunteers shall monitor the voting room and assist Stakeholders with any questions regarding procedures, **but not Candidates**. The NTP shall be notified of any violations or disruptions in the voting process.

Completed ballots shall be deposited into the Ballot Box. A Poll Volunteer shall monitor the Ballot Box at all times. The Ballot Box shall be unsealed only after the closing of the poll and in the presence of the NTP.

Curbside voting will be provided for voters with a disability or who are otherwise unable to access the polling place.

No Candidate may participate in any way in the handling or counting of ballots, Voter or Candidate registration or verification, and/or assisting voters in the act of voting in translating or interpreting the voting materials or explaining the voting process.

Vote Counting:

The NTP shall unseal the Ballot Box after voting has concluded and shall oversee the entire counting process. Counting requires a minimum of six (6) volunteers, who shall be divided into pairs, resulting in a minimum of three (3) pairs of counters. Ballots shall be counted in batches of approximately 50 ballots by at least two (2) pairs of volunteers, and recounted separately by each of the pairs. Any discrepancy in the tally by the groups shall result in an additional recount of that batch of ballots. Each ballot shall be counted multiple times, as necessary, to assure accuracy. The public, including candidates, may observe the ballot count in person or virtually, as allowed, but may not interfere.

After the count is completed to the satisfaction of the NTP, the results shall be tabulated and posted. A recount conducted by the NTP may be requested within four (4) calendar days after the Selection only if there is a vote difference of 10% or less between candidates.

Ties:

In the event of a tie, the winner shall be determined by drawing straws, or a virtual coin toss if necessary, with that process overseen by the NTP.

Provisional ballots:

A Voter may cast a provisional ballot if the Voter's eligibility cannot be determined in favor of the Voter on Selection Day. The only acceptable basis for challenging a Voter's right to vote at the polling place will be that the person is not a valid Stakeholder as defined by the Neighborhood Council Bylaws.

If a Voter is challenged on the basis of insufficient documentation, the Voter may produce any of the documentation outlined in these Selection Procedures, at which time the Voter will be issued a regular ballot.

If a Voter cannot produce the required documentation, the Voter will be offered the opportunity to submit a provisional ballot. The provisional ballot will be the same as a regular ballot, except that prior to being placed in the ballot box the provisional ballot will be put inside a specially marked envelope. On the outside of the envelope, the Voter shall provide:

1. The voter's name.
2. The voter's address.
3. The voter's stakeholder status.

4. The voter's telephone number.
5. The voter's email address.

When a Voter casts a provisional ballot, the Voter will be issued instructions that explain what steps the Voter must take to qualify the provisional ballot, including documentation required to be submitted, where the documentation is to be submitted, and a contact number to request assistance or seek additional information. The deadline for submission of acceptable documentation shall be three (3) calendar days after the Selection by \_\_\_\_\_. The Selection Committee and/or the NTP will be responsible for verification of provisional ballots.

## **CHALLENGES**

### Contesting the Selection:

Stakeholders who wish to contest the eligibility of a Candidate must submit a written Challenge to the NTP within seven (7) days of the close of the Nomination Period.

Stakeholders who wish to contest the Board Selection or some part of the Board Selection process (stakeholder status, violations of Selection Procedures or Council Bylaws) must submit a written Challenge to the NTP, or online through [chatsworthcouncil.org](http://chatsworthcouncil.org), within five (5) calendar days following the Board Selection. Any Challenge must be received by the NTP, or submitted online, by \_\_\_\_\_. Challenges must include a specific rationale of why the Stakeholder feels the Board Selection or Selection Process has been violated along with any other pertinent information that will be of assistance.

The Selection Committee shall review and investigate all Challenges. The Committee shall have the authority to interpret these Selection Procedures and to act as arbitrator to resolve any disputes which may arise.

### Ruling:

A ruling shall be made within ten (10) calendar days of the deadline to receive a Challenge. Written notice of the decision shall be issued immediately. Decisions of the Selection Committee are final.

## **ANNOUNCEMENTS OF RESULTS**

The Board Selection unofficial results shall be posted at \_\_\_\_\_ within 28 hours following the voting.

### Certification of Board Selection Results:

The Selection Committee shall certify the Board Selection results as officially valid after six (6) calendar days following the Selection if no written Challenges have been received.

In the event of a contested Board Selection, the Committee shall certify the Board Selection as officially valid immediately after the resolution of any and all Challenges to the Selection.

## **RECORD RETENTION**

All Board Selection records shall be kept by the Neighborhood Council within a NC storage area for at least one year following the date of the scheduled Board Selection. Records are open to the public pursuant to the California Public Records Act (CPRA) and available for viewing upon request.

## **POST-SELECTION TIMELINE**

The Selection Committee shall provide the Department with a copy of the Board Selection results on the day the official certified results are released.

The Selection Committee shall hold a debriefing meeting within thirty (30) calendar days following the Board Selection to evaluate the proceedings. This evaluation shall be written and presented as a Selection Committee report to the Board.

The previously selected Board shall serve until the newly selected Board is installed.

The newly selected Board shall be installed as a group at the next scheduled monthly meeting of the Neighborhood Council. The President or Vice President of the outgoing Board shall preside over the installation process.

## **VACANCIES AND SPECIAL SELECTIONS**

A vacancy on the Board shall be filled using the following procedure:

A. A vacancy shall be announced at the next regular meeting of the Board and then the matter placed on the agenda for the following regular meeting.

B. Any stakeholder(s) interested in filling a vacant seat on the Board shall submit written application(s).

C. If the number of stakeholders submitting applications equals the number of vacant seats available, then a vote of the Board shall be taken on each applicant separately and the applicant installed by a majority vote of the Board members present. If there are more applicants than the number of vacant seats, then a vote shall be taken either at a special Selection or at the next regular Board meeting by all registered stakeholders present. The vote shall be presided over by the Selection Committee or its designee and shall include one (1) vote per Board vacancy per registered stakeholder.

D. When the process mentioned above fills a vacant seat, the seat shall be filled for the

remainder of the term for that seat. In no event shall a vacant seat be filled where a general Selection is scheduled to occur within ninety (90) days of the date that a special Selection could otherwise be scheduled

E. A special Selection held to fill a vacancy on the Board may be conducted during the business portion of a duly noticed monthly Board meeting.

F. If more than one (1) vacant seat is filled in the same special Selection, winning candidates shall be ranked in order by their number of votes and the seat(s) shall be awarded in order based on the highest vote count(s) getting the longest remaining term(s).

G. If more than one (1) vacant seat is filled by vote of the Board where the number of seats available equals the number of applicants, and the remaining terms are of different lengths, straws shall be drawn to determine which candidates are awarded the seats with the longest remaining terms.

H. If a vacancy occurs after the December Board meeting, the special Selection shall be held in conjunction with the regularly scheduled March Selection. All candidates shall be ranked in order by their number of votes. The candidates with the highest vote counts shall be awarded seats with terms that are designated for the regular Selection, with 10 seats filled in years ending with even numbers and 11 seats in years ending with odd numbers. Vacant seat(s) shall be filled following the same order by the rest of the candidates based on their number of votes

I. Because a special Selection is designed to result in the voting and seating of new Board member(s) at one meeting, there shall be no challenges allowed.

J. All regular and special Selections require extensive outreach to attract candidates for the Board.

**NC Selection Committee and NTP will refer to the City Clerk’s “2025 Neighborhood Council Election Handbook” for guidance on any policies or issues not covered in these Selection Procedures. These procedures are deemed approved ten (10) days after submittal to the Department of Neighborhood Empowerment unless written notice is given to \_\_\_\_\_ before that time.**

**Due to the uncertainty associated with the COVID-19 pandemic and the unpredictability of natural and manmade disasters that may occur between the time this Selection Manual is submitted and the Selection process is completed, the Neighborhood Council reserves the right to make any reasonable modifications, if necessary, to comply with rules, regulations and guidelines from the City, County, State, and/or Federal governments. In the event that an in-person Selection is not allowed in \_\_\_\_\_, a Vote By Mail Selection will be conducted. See Vote By Mail procedures in Attachment E and the NC’s website for updated information.**

## Community Impact Statement

RE: LA City Council File 24-0867

The South Robertson Neighborhoods Council (SORO NC) opposes the motion presented by Councilwoman Monica Rodriguez. The Los Angeles City Charter establishes us as independent Neighborhood Councils and it is improper and offensive for the City Council to dictate decisions that should only come from the Neighborhood Councils.

Term limits for Neighborhood Council Boardmembers should not be limited for several reasons. Continuity permits current Boards historical perspective of long-term issues facing Stakeholders. While term limits are an important safeguard against corruption among paid policymakers who control large budgets, our Boardmembers are empowered with influence, rather than policy or big budgets, and term limits for Neighborhood Council members is a negative. Many Boards have problems filling Board seats. Reducing the pool of potential Boardmembers is both short sighted and could lead to Boards not reflecting the demographics of their Stakeholders. Term limits for Boardmembers could also have the opposite effect on Stakeholder participation, especially where many Neighborhood Councils have a small number of Stakeholders that have the energy, interest, or time to devote towards being a Neighborhood Council Boardmember.

The SORO NC has had a Youth Seat for over 20 years, however, we recognize that this might not fit for other Neighborhood Councils based on their unique demographics and their Bylaws language that regulate voting. Some NCs may not have many high school age youths within their boundaries. Other Neighborhood Councils may have justifiable reasons why they do not want a Youth Seat. It should not be assumed that a "one-size fits all" approach is appropriate for every one of the 99 Neighborhood Councils.

Re: Fast Track Permits for Bollards with Bureau of Engineering

Dear Councilwoman Yaroslavsky and Councilwoman Hutt,

Greetings!

The SORO NC is requesting your offices open a council file for Fast Track Permit Application, from Bureau of Engineering, for installing Security Bollards, in the public right of way, protecting sensitive locations throughout the City of Los Angeles from vehicular ramming attacks.

We would like to work with the Department of Engineering to develop a “Fast Track Permit Application” with a drop-down menu of specific types of preapproved bollards for vulnerable locations throughout the city.

A Fast Track BOE permit would be a benefit to all stakeholders in the City of Los Angeles with sensitive sites who are concerned about pedestrian and building safety from vehicular ramming attacks.

- A. State Designed DS22 & DS25 Security Bollards are an excellent perimeter security choice anywhere where K12 or K4 anti-ram protection is required. The DS22 state designed security bollards comply with the toughest U.S. Department of State (DOS) crash-test ratings. Fixed DS22 bollards provide around-the-clock protection against vehicular threats and are engineered to meet up to K12 (M50 equivalent) performance criteria (15,000 lb vehicle at 50 mph). Minimum K4 or K8 rating
- B. Reinforced Concrete Bollards – cylinder shaped bollards constructed of steel rebar encased in concrete to provide a strong appearance and help guide traffic flow. You can choose from a variety of textures,

colors and finishes. Mounting options A) anchor bolts or B) pipe bollard.

- C. Reinforced Steel Planters - Disables intruding vehicles up to 40 mph. Tested and meets PAS 68 stopping standards. Available in 3 sizes based on location.

The rise in global unrest and the high incidents of vehicular ramming attacks urgently necessitates Fast Track Permits to install safety bollards as quickly as possible and that the process is as simple as possible.

Council File 23-0002-S144

Senate Bill SB 960

Title: Transportation: planning: complete streets facilities: transit priority facilities.

Position: For

Summary:

The South Robertson Neighborhoods Council supports Council File 23-0002-S144 and, in turn, SB 960 which tries to require Caltrans projects to implement "complete street facilities" on State roads as sponsored by local jurisdictions or transit agencies. We ask that the Los Angeles City Council advocate that our state legislators pass SB 960

We believe that this legislation would encourage the state to better align with local jurisdictions since it would require the state to build complete streets where the local government requests it. Instead of dictating transportation to local cities, this would greatly increase the flexibility of local jurisdictions such as Los Angeles and align the state agencies with their goals.

Measure HLA recently passed in Los Angeles to require the expansion of complete streets throughout the city, but unfortunately, it does not currently apply to a number of major thoroughways in the city which are state roads and controlled by Caltrans. SB 960 would better align the priorities of the state with our local jurisdiction and encourage the state to match our local desires for improved safety and transportation in the city.

This bill would better align with local jurisdictions goals as well as broader goals for reduced pedestrian deaths and improved health benefits locally. These projects would use existing state highway funds which are not currently at a deficit.

Dear Councilwoman Hutt and Councilwoman Yaroslavsky,

We, the South Robertson Neighborhoods Council, would like to thank you for your support of Council File 23-0002-S11 on streamlining electric rail projects and would like to make it clear that the SORO NC supports your vote and AB 2503 (GB081524-10) more generally.

We believe it is important to the development of our Neighborhoods and City to make it as easy as possible to build, improve, and maintain environmentally friendly alternative transportation such as electric rail. We hope you will support similar measures in the future to encourage more streamlining of these types of transportation projects.

Sincerely,
