Good afternoon,

I spoke with each of you individually today regarding [2512 Robertson Blvd](#). During those conversations, I stated that we had submitted a letter of opposition. I would like to clarify that while the letter has been drafted, it has not yet been submitted.

At this time, we have only received a Notice of Application. We have not received the Conditional Use Beverage application. Once the Conditional Use Beverage application is received, we will formally file our letter of opposition.

For the record, I oppose the operation of this location (Fionas) with amplified music and the sale and/or service of alcohol. This opposition is based on prior incidents associated with the location, including but not limited to a homicide. The location has been cited on multiple occasions for multiple violations and has been a nuisance to the community and its stakeholders.

I wanted to provide this clarification, update the Board, and ensure that my position is clearly stated for the general board meeting.

Respectfully,

Senior Lead Officer Christopher Baker
