Discussion and possible action regarding enforcement of street vendors required licensing and enforcement of LAMC 56.12 and 41.18. specifically at La Cienega and 18th SW corner – Taco Restaurant, other street restaurants and “drop off” fruit vendors within SORO NC boundaries. Loss of city revenue due to: Businesses are not paying taxes. There is no BTRC. There are ways to increase revenue: Eliminate illegal vendors that are effecting the losses of tax revenue because of the vendors. Loss of revenue to the brick and mortar therefore less taxes are paid to the city.
 - b. Update on Pico Prepared (formerly known as NTP)
 - c. Discussion and possible action to address safety issues in the community from stop signs to crosswalks and any other safety issues. Proactive policing enforcement requested by CD5, Oversized vehicles on Sawyer have moved to 18th. Stakeholders have requested no oversize vehicle signs posted. **Motion has passed city council and signs have been requested.**
 - d. Discussion and possible action regarding Beverly Bites - 8600 W. Pico Blvd. Unsafe conditions exist regarding delivery services parking illegally when picking up food for delivery. It’s a public safety issue with double-parked cars, causing congested streets and a traffic hazard for both pedestrians and cars at Pico and Holt. **Update**

Update.

- g. Discussion and possible action regarding complaints from stakeholders regarding nightly street racing on Beverly Drive between Pico Blvd. and Circle Park. Update from Officer Baker
- h. Discussion and possible action on Speed trailer Event – date and location TBD
- i. Discussion and possible action regarding street lighting outages and repairs
- j. Discussion and possible action to consider new community members that want join the SORO NC Public Safety Committee.

9. New Business

- a. Discussion and possible action regarding safety concerns surrounding high density housing development in CD5 and CD10 as a result of Mayor Bass’s Executive Order ED1 and SB79 as it relates to public safety. AB 747 (2018) became law in 2018 requiring cities to prepare comprehensive evacuation capacity studies evaluating multiple emergency scenarios. To date, the City of Los Angeles has failed to complete such a citywide capacity study. This omission is both troubling and unacceptable, particularly as new state housing laws further accelerate development pressures. Public safety cannot be treated as an afterthought. Council File 25-0848 approved by the City Council in October 2025 specifically called for an emergency evacuation capacity study in compliance with AB 747.

10. Adjournment

Note: *Public comment will be taken for each item where there is discussion and possible action. Public comment and/or participation may occur on other items at the discretion of the Chair. Please note that under the Brown Act, the Committee is prevented from acting on matters brought to its attention during the General Public Comment period; however, the issue may become the subject of a future meeting. In the interest of addressing all items on the agenda, time limits for individual comments and discussion may be set at the discretion of the Chair.*

Motions that are presented at any committee meeting do not represent an official

action or position of the SORO NC, until approved by an affirmative vote at a properly noticed meeting of the General Board.
