Dear Councilwoman Yaroslavsky, Councilwoman Hutt, and Bureau of Street Lighting,

We are coming to you to get some answers for the stakeholders that we represent in the South Robertson Neighborhoods Council.

Why are there swaths of streets in the dark? The city streetlights have been out for months, all over the neighborhoods. Stakeholders are being told repair times are as much as ten months out from the request.

We are asking you, on behalf of the SORO Community, to get all of the lights on ASAP.

Please clarify what the issue is; is it lack of personnel? Or lack of budget? Or both? Copper wire theft the main issue? What's being done about that? The community is left in the dark.

The dark streets are a serious public safety issue. Please get the streetlights back on.

Thank you.

Sincerely,

Michael Lynn
President
South Robertson Neighborhoods Council
