- d. Discussion and possible action regarding SORONC supporting continued efforts by our elected officials who have been instructed by California State proposition 59 to support all actions to clarify corporations are not people and money is not free speech. The City of Los Angeles Proposition C states the same instructions. Proposed language for letter- "We demand that our State Senator and State Assembly member support the Senate Resolution to eliminate foreign influenced corporations from donating to political office campaigns and State of California propositions. The SORO NC was the first neighborhood council to support this resolution, prior to the passing of Proposition C, and continues to support eliminating corporate political donations. Getting foreign corporate money out of politics is a way of neutering Citizens United without touching it. The Supreme Court wrongly stated that corporations are "associations of citizens". 98% of all S & P corporations have some level of foreign influence." A speaker from Money Out Voters In could be arranged to attend the General Board meeting - **Item to be removed from future Agendas by the Requesting Party, without objection**
